

Beloved Mother Mary

I Come to Clear the Way
for the Calling and the Victory

Can you not see eternal Mother in eternal flame, the name, eternal name and the nameless one, the fire that comes forth, that will come forth, to dissolve the cause and core of error and to exalt the lowly and to put down those of high degree and to see the children of the One forget their compartments, forget their race, their nation, and know only this one law: We are the children of the Mother. We are the children of her flame.

Let all come together now and proclaim, "I AM Mary, I AM Son, Father, Spirit one. I AM THAT I AM in you all."

Beloved Mother Mary

October 15, 2012

I Come to Clear the Way for the Calling and the Victory

In the heart of the Great Central Sun, I AM Ma-ray. I AM the fullness of Mother, as you know that I AM. I AM the bounding of the waves and the foam of the sea. I AM the wind and the water, the earth. And I AM the sacred-fire crystal.

I AM the movement and the flow of eternity. I AM one in the light of the eternal Father. I AM the life that begets life. I AM in the Sun, the shining of the crystal light of ever-present livingness, blessedness, O blessedness of life. I AM the fullness of the Spirit Holy. I AM the water, the bread and the wine. I AM the light, my Son, eternal Son.

Be with me now as I tell you of the Law and the Word and all that we must do together on earth as we go hand in hand until that joyous day when I place your hand into the hand of Father. He is waiting for the good report of sons and daughters. He has journeyed into another land. He has sent me, in the person of Mother, to call the children to the altar, to teach to them the chemistry, the physics, the mathematics of wholeness, and the disciplines of energy by the eye that is single upon the Eye of God.

I have come as Mary the Mother. I have come in the emerald fires to clear the way for the calling and for the victory.

I Come to Clear the Way for the Calling and the Victory

174

My concerns for my children are no less than they were yesterday, a week ago. In fact my concerns are mounting. For the fallen ones are mounting their dark steeds and coming with their dark speed across the land to tear from the children the very fruits of alchemy and action before the children have known enough to recognize their own internal victory in the Law.

The Culture of Death

As you have given yourselves, your life, to the preparing of the home of Mother on earth and to bringing the children of the Mother to their home, so I commend you to accelerate and to bring to me that book on life begetting life¹ that I might have within my hand a book of the Law to extend through your hand, that *is* my hand, to the women of the world, to those who contemplate daily the destruction of life within the womb and do not understand that this destruction of Almighty God does take from earth the balance of the elements, the cosmic forces four; and therefore there is the disruption in elemental life. Therefore the drought, the fire, the absence of the cycles of being.

For where there is the death of God on earth daily, there mankind en masse must pay the price in the death of their own cosmic consciousness. And therefore error begets error, according to cosmic law. And the law of life begetting life is nowhere apparent, but we see that death begets death. And more and more of the culture of death is choking off the little ones and those who are in the teenage years who have succumbed to the dragons of sloth and indulgence, who have upon them, even in this hour, the forcefields of witchcraft, the spells of the Great Whore and of the fallen ones, so that even they cannot keep the zeal of the Mother flame to go out and rescue the lightbearers upon earth.

And thus there is the selfishness that hangs as the pall across the land. And we look everywhere, everywhere for that helping hand to extend the cup of cold water in Christ's name, to be fearless in the name of Durga, Kali, to wield the sword, to come and be the one, the flame, the Shakti, Lakshmi, Sarasvati.

The Mother Incarnate in Each of Her Children

Can you not see eternal Mother in eternal flame, the name, eternal name and the nameless one, the fire that comes forth, that will come forth, to dissolve the cause and core of error and to exalt the lowly and to put down those of high degree² and to see the children of the One forget their compartments, forget their race, their nation, and know only this one law: We are the children of the Mother. We are the children of her flame.

Let all come together now and proclaim, "I AM Mary, I AM Son, Father, Spirit one. I AM THAT I AM in you all."

Let darkness be dispersed, and let the giant hand of Almighty God now *release* that giant energy that is for the tearing asunder of that pall—that dark curtain that hides from the children of God the vision, the image, the Christ, the light out of which all are born. Let this day, then, mark the day when the Mother is placed within the tomb of Mater, the fourteenth station of my rosary, of the Passion of the Lord Christ and the Mother incarnate as Guru and the Mother incarnate in each and every one of her children.³ Let these fourteen stations mark, step by step, the ladder that you climb day by day, star by star, subduing forcefields that long ago were wrought by evil hands of evil ones, who have sown their seed across a system wide and infiltrated and penetrated the ones who ought to be the deliverers in this age.

Let us, then, write our writing upon this page in the Book

of Life. Let us write our calling and our victory. And let love, only love, be the name of our victory!

The Return of My Momentum of Victory

From out the great cosmic Sun, I come. From out the Great Silence there come with me those who have meditated upon Mother and Mother light for aeons. In nirvana the flame of Mother and of Father is the One, the All, the Silence and the Word.

The silence now is broken. Cosmic mothers come forth to repeat the Word that he has spoken: "I AM thy Father, children of the One. Come into the center of the One. Receive my energy in this hour. For this energy is sufficient unto thee to *claim* the land, to *claim* the people for thy God, to *claim* the resources, to *claim* the victory and the light! And the government shall be upon the shoulders of the Lord Christ,⁴ upon the shoulders of Saint Germain, that noble king."

Let the thought waves of Aquarius ring! Let the genius of Capricorn, Pisces and of Taurus and of Cancer, Virgo, Scorpio now come forth. Let the energies of Leo and Aquarius, of Gemini, then, be now the victory in Sagittarius. And let the fires of Holy Spirit descend from the holy mountain of our God! Let Aries, Libra be the balance within you.⁵

Let the star that I have drawn out of the stars of the first magnitude be the star of your own mighty I AM Presence—so real, so manifest this day! Your very own God Presence is the Word that I say within your heart.

Be free, my children. Be free this day! Proclaim your victory! Speak it unto the winds, unto the seas, into the fire, into the earth! And let the Elohim, the Elohim who send forth the fiat of creation from the heart of the LORD God, be called forth now, in the name of my Son, to reclaim this world and

worlds within and systems of worlds and galaxies and universes. Let all that have set themselves in rebellion against the one true God be brought to judgment this day!

This is the dispensation of the return of my ascension ray and my momentum of victory, lo, these two thousand years of the appearance of the Woman clothed with the Sun. For the coming of each and every son and daughter of God is for the fall and rise again of many in Israel.⁶ For the judgment of the Lord and the marriage of the Lamb and the Lamb's wife is come.⁷

Behold the city, the New Jerusalem. Behold the jewel in the heart of the lotus that I AM, that you are. Behold the crystal!

I AM the Mother of crystal. I AM in every crystal of the earth, every grain of sand, every gem, every soul. I AM the crystallization of the God flame. Behold, I AM with you, within you the sacred fire that makes you whole!

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Mother Mary** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, August 14, 1977**, in Pasadena, California. (1) The handbook *Life Begets Life* is no longer available. However, in 1991 the messenger Elizabeth Clare Prophet conducted the seminar "Life Begets Life," parts of which are published as "The Continuity of the Soul," which is on DVD (DV11005), and "The Dilemma of Life on Earth," on three MP3 discs (M10012). See also Dr. Neroli Duffy, *Wanting to Be Born: The Cry of the Soul*, based on the teachings of Elizabeth Clare Prophet. All are available at www.TSL.org/Bookstore or by calling 1-800-245-5445 or 406-848-9500. (2) Luke 1:52. (3) **The fourteenth station.** The fourteen stations of the Piscean cross fulfilled by Jesus signify the fourteen events that occurred during Jesus' Passion on Good Friday—from the first station, Jesus is condemned to death, to the fourteenth station, Jesus is laid in the sepulchre. These stations also represent the testings and trials of the chelas of the ascended masters as well as the personal and planetary karma that lightbearers are bearing in their bodies in this transition from the two-thousand-year dispensation of Pisces to the dispensation of Aquarius. The Fourteenth Rosary: The Mystery of Surrender was given by Mother Mary as the culmination of the previous thirteen rosaries, which she also dictated. Elizabeth Clare Prophet explains that it is "for the victory of the fourteenth station of the cross" and "the surrender of death and dying, of the laws of mortality and every sense that would frame the soul as mortal." It is published as *The Fourteenth Rosary: The Mystery of Surrender* booklet (5331) and also as a set with the booklet and CD (D10001), which includes the rosary and a dictation by Mother Mary; available at www.TSL.org/Bookstore or by calling 1-800-245-5445 or 406-848-9500. (4) Isa. 9:6. (5) The twelve astrological signs, which are mentioned in this dictation, can be diagrammed on the Cosmic Clock. Mother Mary taught the science of the Cosmic Clock to the messenger Elizabeth Clare Prophet to provide the means of understanding and charting the cycles of personal and planetary karma that return daily as tests and trials on the path of initiation. For more on the Cosmic Clock, see Elizabeth Clare Prophet, *Predict Your Future: Understand the Cycles of the Cosmic Clock and Odyssey of Your Soul: A Voyage of Self-Discovery*; available at www.TSL.org/Bookstore or by calling 1-800-245-5445 or 406-848-9500. (6) Luke 2:34. (7) Rev. 19:7–9.
